Institute

on at Langdon

Extended district convention of the Women's Institute was held in Langdon on Tuesday and Wednesday. The convention was very successful, and much credit is due to the ladies of Langdon and district for their success as organizers.

A fine concert was held for the entertainment of the delegates among the artists being Miss Esther Zorich, of Strathmore, who rendered two vocal solos. "Badger" leader of the famous "Broncho Busters," whom radio fans have enjoyed so often, led in the community singing, which was a fine feature of the entertainment.

An able address on "Boilers" was given by Mr. Calhoun, head of Calgary Public Library, and there were other very effective features of the convention. The ladies of Langdon Institute entertained very delightfully at a banquet to the visitors.

Mrs. E. E. Zerkle was delegate from Strathmore to the Convention. Langdon has a very active institute, the membership being sixty.

Threshing Again

Threshing recommenced in this district Monday, after an eleven day cessation caused by wet weather. Some outfits did not get going till Tuesday, but all are at work now. Three weeks dry weather will see most of the threshing completed.

Cheadle, Notes

Mr. Garrison Sr. has been a visitor for a few days at Rube Walkers, looking after his crop interests in the district. He returned to Illinois on Sunday evening.

Mr. Seall, of Delmar, Ill., has been in the district for a few days looking after his crop interests.

Mr. Bickel, school teacher, spent the week-end at his home in Calgary, also being a witness in the hearing of the car accident case in which Cecil Seabright was run into in Calgary, and was overturned. Mr. Bickel being with Cecil at the time.

Mr. Wade and Charlie Hartell were business visitors to Calgary Friday.

Threshing is at a standstill in the district, but if weather of the last few days continues, the machines should all be running again.

Wheat is grading very low in the district this year, which is something we do not look for because we have always raised the very best of wheat, but other districts are marketing low grade wheat, so it is general all over the province.

MRS. JACKSON SILBAUGH SPEAKS IN STRATHMORE

Speaking under the auspices of the Women's Christian Temperance Union of Alberta, Mrs. Jackson Silbaugh, of Seattle, made a deep impression upon her hearers in the Union Church Thursday evening. Her main line of thought concerned the misrepresentation of the working of the 13th amendment in the United States, and the need of the education of our young people into habits of total abstinence from intoxicants. Mrs. Silbaugh, a former High School teacher and a graduate of Wisconsin University, has had much legislative experience also at Olympia, Washington, and speaks fairly, reasonably, and quite convincingly. This gifted speaker gave very fine talks to the students at the school before the noon hour on Friday morning. She spoke on "Being Good to Our Bodies."

Mr. Taylor Statter, of Toronto, Dominion Secretary of Boys' Work in the Y.M.C.A. and "Big Chief" for all C.B.E.T. boys, will be in Strathmore for the District Convention on Thursday evening and Friday, October 24th and 25th. Included in the district are Cheadle, Nakama, Carlsland, Nightingale, Rockyford, Rosebud, and any others who may desire to come. PLAN SUGAR FACTORY

The Utah-Idaho Sugar Co. has practically decided to proceed with the establishment of a sugar factory in southern Alberta, in connection with

Social-Personal Grasswood M. D. Meel

Mrs. Dawson, of Fleet, Alberta, was called to Strathmore, owing to the illness of her mother, who is visiting Mrs. De Witt.

Mr. and Mrs. D. French spent the week end in Bussan.

Mrs. Birmingham has been called to Saskatoon, where she expects to spend a few days.

A dance was given by the Cutting club in the Memorial Hall on Friday night, October 10th, and proved a great success, both financially and otherwise. A very large crowd attended, the majority being people from the country, although it can also be said that the townspeople were here "en masse". Excellent music was supplied by Mrs. Trimmer's orchestra from Calgary, and was proclaimed by everyone as "the best yet". A delightful lunch was served in the dining room, where the tables were prettily decorated with bowls of ferns, surrounded by garlands of autumn foliage and lighted candles were placed at intervals on the long tables. At the end of each table a cutting rock was decorated "bravely" with silver tinsel and the gold and Scotch Thistle, creating just the right atmosphere, and bringing forth broad smiles from the male portion anticipating the fine time they hope to have at the "rocking" game this winter. After supper the many followers of Torchlight continued to enjoy themselves until the wee small hours. The Cutting Club wish to thank the ladies who so kindly donated sandwiches and cakes.

Mrs. G. H. Patrick entertained at the tea hour on Monday, in honor of her mother, Mrs. Roberts, of Toronto.

Hunter Discusses Art

"West of the Water Tower" Star Talks of Stage Work

Glenn Hunter, who has had his own experience and burns in leading a place in London and whose words have given us added authority to what he says and does as the hero of "West of the Water Tower," a Paramount picture due at the Memorial Hall Saturday, says that photography is more difficult than stage work as it requires a more exacting technique.

"On the screen you are entirely dependent upon facial expression and body gesture to get your message across," Mr. Hunter says. "It is not enough to be natural, as so many persons seem to think. As a matter of fact, the appearance of naturalness on the screen can never be acquired by actual naturalness on the part of the performer."

"Acting, like music, poetry, painting and sculpture, demands expression, selection and a certain amount of exaggeration. If a player appears natural on the screen, you may safely assume that he has worked hard to acquire this desired impression."

School Fair

A meeting of the teachers of the Strathmore School Fair district was held in the Public School on October 8th, 1924.

The attendance was not large, but those present were very enthusiastic and were unanimously in favor of having a bigger and better fair next year.

Various suggestions for improving the fair were considered, and as far as possible these will be carried out. The committee wish to thank all donors of prizes, and also the advertisers in the Prize List for their support, which helped to make the 1924 fair a success.

The Prize List Committee is now open to receive, as soon as possible, donations in cash or kind for next year's fair. Address all communications to S. H. Crowther, School Fair Secretary, Strathmore.

Various committees were formed so that work may be begun at once.

Hon-President, R. S. Stockton; President, Mr. Vickery, Vice-presidents, H. Budge, H. Freeman, B. L. Whitney; Secretary-Treasurer, H. S. Crowther; Committees, Executive, Chairman of Schools entering Fair, Mrs. O'Leary; Prize List Committee, Mrs. O'Leary; Mrs. Buchner, Mr. Dockery, Mr. Reed.

The regular meeting of the Council of the Municipal District of Grasswood, No. 248, was held on the above date in the office of the Secretary-Treasurer at Rockford.

The minutes of the previous meeting were approved as read. Councilors present were: C. A. Smith, R. W. Brunner, R. M. Prater, C. A. Brown, and H. C. Barr. Councillor Kelly being absent.

W. Schultz is to be notified to that effect.

The question of Mr. F. W. Schultz's claim for damages alleged to have been done by Mr. Nolan's horses and cows amounting to \$13.00 and paid under protest by Mr. Nolan to the Poundkeeper, after due consideration the council decided on motion that the claim of \$13.00 be waived and the Secretary is hereby instructed to notify Mr. Vigar, the Poundkeeper, to return to Mr. Nolan the \$13.00 deposited with him.

The question of Mr. Honkle's claim for damages alleged to have been done by Ralph Dwyer's cows amounting to \$24.00, which was paid under protest by Mr. Dwyer to the Poundkeeper, after due consideration on testimony of Mr. C. Cammatt to return to Mr. Dwyer the \$24.00 deposited with him.

A petition was introduced to the Council requesting that a bridge be constructed across the Serviceberry Creek, on the range line between Township 26-24 and 26-25-4, it was decided that this petition be submitted to the Provincial Government for their consideration, recommending that at this stage this point was very necessary.

Bantree Sidelights

"Hope springs eternal in the human breast." The immortal words of Robert Burns came to us, as seated in a railroad train, we overheard a number of men and women engaged in a conversation in which the words "next year" were frequently used. Perhaps they were discussing some kitchen improvements or a new gown. Maybe Jack was talking about wiping out his ever due obligations in that happy time. The phrase is used in Western Canada more frequently than elsewhere, perhaps it is because that the people who live on the plains are the most optimistic in the world. Next year? What a happy expression! It bids our fears and failures of the past and renews our faith and hope in the future. May it always be with us.

Mrs. F. E. Wyman, late vice-president of the U.F.W.A., left here on Thursday for Edmonton, where she will spend some time in the interests of the ladies' organization.

A regular meeting of the U.F.W.A. was held on Thursday afternoon, the hostess on this occasion being Mrs. V. C. Chapman. Despite the stormy weather a large number of members turned out to discuss problems of local interest, and to enjoy the bountiful hospitality of Mrs. Chapman.

A short time ago a letter appeared in one of the Calgary newspapers denouncing in bitter terms, the incoming of the western Highlanders, known as Hebrideans. For the occasion the author adopted a non de plume, and was pleased to sign himself "A True Canadian." In his long tirade against the Scots he said in part, "These people come to this country with a few clothes on their backs, a little money in their pockets, and the desire to work." Perhaps our friend has been nurtured in luxury, and not aware of the fact that honest poverty and the ability to work are not undesirable features in men or women. Canadians of every race, creed, and religion, will refuse to recognize a fellow countryman in the man whose ignorance of the history of his own country "beseteth all understanding." These men whom "true Canadians" denounce are the same stock that in the early days, settled portions of New Brunswick, Nova Scotia, and Ontario. The same names could be found amongst the people who settled the Red River Valley over a hundred years ago. The sturdy traders and explorers who opened up the great spaces of the north and west were not ashamed of the Scottish blood that flowed so freely in their veins. Shrewd, level-headed Scots, were responsible for the building of the C.P.R. Brainy Scottish Canadians built the C.N.R. and the same ilk gave the Dominion many of her great banks, and financial institutions. Take the name of Mackenzie from Canadian history, and you will rob the country of its greatest achievements. In exploration, Finance, Railroading, Statesmanship, and medicine, this clan has given to the world a number of stalwarts whose work will endure forever. The lives of such men as Strathcona, Mount Stephen, John A. McDonald, and Dr. Henry Graham B. I. (1816-1901) all Canadians what humble Scottish boys have accomplished in the land of the maple. While the great war was raging, Canada produced a number of brigade and division commanders, that for skill and courage, were not surpassed by any other soldier. Many of them were descendants from the little race whose fame has been told

Golf Notes

The long planned for men's team match, Strathmore vs. Gleichen, at Gleichen, has not materialized as yet, though arranged for several times, weather and circumstances interfering. It is to be hoped that an opportunity will yet be afforded this fall for the two clubs to meet.

The Ladies' Team Match, President vs. Vice-president, on Sunday last resulted in a decisive victory for the vice-president's forces.

Mrs. Wright..... Mrs. Hill.....
Miss Gibson..... Mrs. C. Chamberlain.....

Mrs. Tompkins, vice-president, who headed the above victorious team, is herself playing in splendid form, having won the Gross Score Trophy by the best aggregate of three rounds of medal play (stroke) without handicap. This is the highest honor in the club, of course, and we hope that it will mean much to Mrs. Tompkins in the way of encouragement. The scores turned in for this trophy were as follows:

Mrs. Tompkins..... 69 71 56-196
Miss Watson..... 65 66 67-198
Mrs. Ridley..... 66 69 65-200

The executive committee of the club have shown great enterprise in taking the initial steps towards the purchase of the grounds now in use, with the purpose of making them permanent golf links, which may be improved from time to time. The club will undoubtedly become more and more of an asset to the town as it grows in attractiveness, and it is felt that the plans that the present executive have for making this winter to meet their obligations, will receive encouragement both from members of the Golf Club and from all towns people who have a vital interest in the development of the town's resources and attractions. On Friday, October 11th, a card party and dance will be held in the dining room of the Memorial Hall. An enterprising entertainment committee have the affair in hand, and prizes (very attractive, we are told) are to be presented for Bridge, Whist, and Five Hundred. Supper and dancing will follow, and tickets may be had from Mrs. Watson, Mrs. L. G. Robinson, Miss Gibson, Miss Brown and Mr. Wright. Golfers, you are all expected to be there with your friends, golfers or non-golfers as the case may be.

In song and story by the writers of the world. All Canadians are proud of the rank and file that carried the badge of the maple so gallantly in the cockpit of Europe. Not a few of them called mother the land that gave birth to Walter Scott, James Watt, David Livingstone and Robert L. Stevenson. For six hundred years their forefathers held at bay the strongest military power in the world. During all that time they maintained a love of freedom, which fire and sword could not destroy. You who are familiar with Canadian history will remember the

If that unhappy day ever comes when Canada has to fight for her existence, she will list as of fore to the sound of the rallying call that has so often snatched victory out of black disaster. "Our lady of the snows" will rejoice to hear the old war cry coming to her aid as it did in the "brave old days" at Lundys Lane and Queenston. THE "PAINT" ESSAY

The following are extracts from a letter received from R. T. Pendray, who judged the essays submitted by pupils of the Strathmore School Fair District on the subject: "The Value of Paint in the Country and in the Cities."

"I was surprised to note the number of essays submitted, in view of the short time in which the pupils had to prepare this work, and it shows that the children of the Strathmore District realize the value of Paint products. Everyone of the papers are extremely interesting and the children are to be commended on the time and thought that they have taken on the subject."

"I am awarding first prize to Helen Foote, grade IX, of the Strathmore school. Her paper carried a number of original ideas, and would receive a first prize even if it came from a much older person. The second prize goes to Mae Taylor, grade X, Berta Vale school. She also gave a number of valuable and original ideas. The third prize goes to Hilda (Golph) Berta Vale school."

"The following children, I feel, are worthy of special mention as their papers run the other three very closely on points of merit: Marjorie Wooster, grade VIII, Strathmore; Florence, grade IX, Strathmore; Audrey Dancy, Berta Vale; William McKay, grade X, Berta Vale; Mary Korek, grade VII, Orange Valley; Hazel Riddon, grade VII, Orange Valley."

"Please convey to the above children, as well as the prize winners, my heartfelt congratulations for the way in which they have handled this work."

Other Prize Winners

Miss Hazel Riddon, of Orange Valley, was the winner of the handsome pearl brooch offered by Birks to the winner of the highest number of points in Household Economics. Gladys Lewndon was a very close second, winning the same amount of prize money as Hazel. Alberta North was also near the top.

The winners of the "special prize" offered by Strathmore School Board to those in each room winning the most points in school work at the fair were: Mildred Maxam, room 5; Florence Garret, in room 4; Jack Quon in room 3; Elsie Sorensen in room 2; and the prize in room 1 is to be divided.

The School Fair Diploma was won by Berta Vale School District, with the fine total of 198 points. Look out next year, Berta Vale!

The special prize of a year's subscription to the Morning Albertian for the most points in School Work was also won by Berta Vale school.

The order of merit of the schools competing in the school fair, without regard to attendance was as follows: Berta Vale, Strathmore 4, Strathmore 3, Orange Valley, Glenora, Akers and Strathmore 2, Calmar.

First Christening of Youngest Clansman

Ten thousand members of the "Invisible Empire" were witnesses to a rather interesting ceremony held recently in a field near Rockyville Cottages, L. 1. The occasion—incidentally of the greatest Ku Klux Klan demonstrations ever held in this country.

was the christening of Baby William Stanley by the light of the Klan's fiery cross.

In the above photograph, you see the homesteader in the arms of his father at the left—taking the spectacular ceremony in a sort of matter-of-factly way. The minister is shown officiating. Mrs. Stanley, the mother, is second from the right. The tall hooded figure at the right is Gus E. King, Klan representative in the County.

New Village Hall

Plans and specifications for the New Village Hall are now ready and favorable price on lumber and other building material has been obtained.

A meeting of the Directors of the Old Amusement Hall Association has been called for Tuesday evening, and if they are behind the movement with for some enthusiasm as shown by the Ladies Club the aim will be achieved.

The present plan calls for a hall 36 feet wide by 72 feet long, including a stage, dressing rooms and kitchen. The main dancing floor will be 36 ft. by 52 ft. clear space and floored with maple. There will be a balcony ceiling (10 ft. in the center) in the main auditorium, with a 9 ft. balcony extended across the front end of the building.

The Campaign Committee has not yet been appointed but definite action will be taken as soon as the Executive of the Old Association endorse the plans.

The whole-hearted support of the whole community is asked for in this enterprise to boost for it follows. The present intention of the promoters is to endeavor to collect enough cash to pay all expenses in connection with the erection of the Hall as well as they are incurred. All figures now in hand are based on absolutely cash prices, enabling us to take valuable discounts.

If there is not enough money raised to complete the proposition, the agreement will call for a refund on December 1st, 1924.

Let's get busy, we need the hall.

Rockyford Ladies' Club

The Rockyford Ladies' Club met at the home of Mrs. D. R. Poole on October 9th. President Mrs. J. Wain, presiding. There were twenty-two members present.

The R. L. C.'s ever increasing roll is good evidence of the club's growing popularity—six new members were added to the list at the last meeting. New members are most welcome, and the number of the club's membership list is already over double that of last year, and next year we hope to say the same.

Last year's "exchange charity" will be overjoyed to hear that the R. L. C. is again considering another tournament. If you are interested, let us hear of it. Those in charge of this movement are: Mrs. Ryan assisted by Mrs. D. R. Poole and Mrs. A. L. Miller. A favorable report is expected from this committee at the next meeting of the club, which will be held at the home of Mrs. J. H. McGuire, on Oct. 30. Be sure to come and bring your friends. We have business first, with good attention! A musical programme, followed by the usual lunch. Remember the date, October 30. Our meetings are held always on the second and last Thursday of each month. Membership fee fifty cents.

FILE ON HOMESTEADS

More than fifty homesteads were taken up through the Dominion Land Office at Edmonton during the month of September, by new settlers coming into Alberta.

Tudor Notes

A business meeting of the Tudor Union Church was held at the home of Miss Annie Day, on Tuesday evening, for the purpose of arranging a programme for the Sunday School.

The officers are confident of a prosperous year and heartily invite all in the neighborhood to attend.

It has been decided to provide a copy of "Onward" for each home and this publication is noted to be one of the best literary papers in Canada, and contains many interesting articles for old and young. It is highly recommended by the Sunday School Superintendent. The price of the "Onward" is seventy-five cents per year, and is provided from Sunday School Funds, but subscriptions are gladly received by the secretary.

Rosebud Notes

Friday night's U.F.A. dance was a complete success. In spite of the busy season the floor was packed by eleven p.m., and the ladies of the U.F.W.A. had their hands full during the hour, as the crowd was the largest which has gathered for some time. Rosebud orchestra supplied the music, and it was thoroughly enjoyed. There were numerous guests from Calgary and other points near Rosebud.

Mrs. Chas. Gross has returned from Drumheller, accompanied by her young son, and will reside in town. Mr. Gross is at present working in Bellevue.

The women of this district are requested to kindly remember the annual election of officers for the Ladies Aid of Rosebud United Church. The meeting to be held at the home of Mrs. Homer Jones on Wednesday afternoon, October 15th.

Miss Opal Jones and Mr. Merle Jones were home the week end and attended the U.F.A. dance on Friday night.

Messrs Richard and Emil Wdgener, of Beiseker, were guests of their sister, Mrs. George Gross, for Friday's dance.

Mr. W. F. W. Lent, of Calgary, was in town on Friday last, and attended the dance, also Mr. O. N. Gilbert, of Calgary.

Mr. and Mrs. Charles Boyburn, and family are moving into their home in town this week.

SHEEP SALE SUCCESSFUL. The annual sheep sale at Lacombe held this week, brought a return of over \$10,000 for 1271 animals, good demand for breeding stock was evident.

The Road To Better Health

If you suffer from neuritis, neuralgia, attacks of lumbago or wry-neck, do not overlook your teeth as a possible cause of your ailment. As a source of infection of the system the teeth are almost, if not equally, as important as the tonsils. And they should receive the same attention in searching for the cause of the trouble.

Cause Many Ailments. Dental infections may also be causing your stubborn rheumatism of the joints, your increased blood-pressure, or those early symptoms of heart disease or disturbance of the kidneys. An X-ray examination may reveal pus sacs at the roots of one or more of the teeth—even though you may not be aware of their presence because they are causing you no pain.

If you have any dental infections that can be dealt with successfully only by sacrificing some teeth, sacrifice them. Whenever teeth can be saved with safety, this should be done, but they should not be saved when out-of-the-way.

(Copyright, 1924, by The Bonnett-Brown Corporation, Chicago)

their continued presence in the mouth is a menace to the health. It is much better to part with some teeth than to take chances of developing incurable diseases of such important organs as the heart or the kidneys.

Dead teeth especially, whether filled or crowned, will bear watching. They seem to be more liable to infection and should be regarded with suspicion whenever a focus of infection is suspected of being present in the body.

Your teeth are intimately associated with your health, not only as organs of mastication, but as a possible cause of disease.

Visit your dentist every six months! You will have less expense in the way of dental bills, less pain, and your health will be better safeguarded. Many people already do this, but there are still too many who are driven to the dentist only by the pain of a toothache.

THE FARMER IS A BUSINESS MAN

and why should he not use Business Stationery?

The use of printed Letterheads, Envelopes, Billheads, etc., insures accuracy, and insures the respect of those with whom you do business, or of correspondents generally.

If you are developing a specialty why not use a letterhead illustrating that specialty. We have a nice line of Animal and Poultry Illustrations, from which you can make a selection.

The cost of printed matter in quantity is little more than that of plain paper, but the difference in effect is great.

SOME SUGGESTIONS

Letterheads, Envelopes, Billheads, Statements, Shipping Tags, Booklets, Form Letters, Purchase Orders, Blotters, Requisitions, Filing Cards, Social Printing.

to Heaven he didn't hold up his hand.
Teacher ask why didn't he want to go
to Heaven and he replied and said.
He'd rather go on back to Virginia if
he had his way.

Patrol wagons.

Here and There

The gold mines of Northern
Ontario broke all previous records
the month of January, when the
total approximately \$2,100,000 was
based on preliminary reports re-
ceived from the mines.

It is reported that arrangements
have been made for the financing of
a \$600,000 plant in Edmonton, Al-
berta, for the manufacture of paper
blocks from the tar sands of Fort
McMurray.

The first of the private for-
tunes which the Hudson Bay
Company has decided to hold in
future at their head office in Man-
it took place recently, when a re-
duction of various fees, estimated
roughly at \$25,000 to \$30,000 value,
was put up for sale by sealed bids.
